

We have enabled a new feature in CSU Learn for learners to access their Training Analysis page. This page will show all required trainings, their due date and assignment status. The training analysis screen will show all assigned courses, when they are due, last completed date and when the training expires. It also shows the assignment status so learners can easily see the current state of their assigned compliance training.

For additional information, please refer to the Cal State Training Resources article on the [Training Analysis Page](#).
